

# THE MAN WHOM NOBODY MISSED

*'He departed without being desired'*

*2 Chron 21 v 20*

1. The words of our texts were spoken about a k\_\_\_ called Jehoram. The text means that he died, and nobody missed him.

2. It is one of the saddest things, that someone can die, and nobody be s\_\_\_ or even shed a t\_\_\_.

3. Jehoram was a b\_\_\_ and cruel king. He began his rule by killing all his br\_\_\_, just in

case they tried to snatch his cr\_\_\_ from him. He led his people into sinful ways, encouraging them to worship idols of w\_\_\_ and st\_\_\_.

4. The kind of things that keep people from missing us are.....

- **Selfishness**... People who only think about th\_\_\_\_\_ or only want things for themselves, or only talk about themselves, are seldom m\_\_\_\_\_.

- **Always Criticising people** ...is another thing. If we are always t\_\_\_\_\_ about other people's faults, this is not good. We all have f\_\_\_\_\_ - and they are not difficult to find. William W\_\_\_\_\_ said he always tried to look for people's **good** points, and that he had only been disappointed twice.

- **Cruelty** is the next thing. It can begin in small ways like tormenting our pets, or even our br\_\_\_\_\_ and s\_\_\_\_\_. Little acts of cruelty, if not stopped, can make us into monsters.

5. The following very badly spelt inscription was found written on a tombst\_\_\_ in Kentucky USA. The sp\_\_\_\_\_ is terrible, but the thoughts are good. ....She was a woman that e\_\_\_\_\_ missed.
