

# WELLS

'And Isaac's servants digged in the valley,  
and found there a well of springing water.'

Gen 26 v 19

1. Before there were t\_\_\_ in the home, many people had to get their w\_\_\_ from a well.
2. Wells are deep h\_\_\_, dug or bored into the ground until they come to water. The water is then drawn out with a b\_\_\_ on a long r\_\_\_ or chain.
3. Wells are often mentioned in the B\_\_\_. Wells were meeting-places. The New Testament tells of our Lord Jesus speaking to a w\_\_\_ at the w\_\_\_. The woman became a follower of Christ.
4. Isaac was a godly man who thought deep thoughts about God. He was a dreamer of dr\_\_\_ and had a very poetic mind. At the same time, he could work h\_\_\_ and dug wells and taught his s\_\_\_\_\_ how to dig wells.
5. We could think about digging wells in a different way. For example, **we could think of our homes as a 'dug well'**.
6. Our parents have had to work hard to make the h\_\_\_ in which we live. It is h\_\_\_ to dig a well, and it is hard to build a home. We should be very grateful for our homes.

7. **Our church is like a well**, which people many years ago had to save up for, and b\_\_\_. Over the years and even today, many people have to w\_\_\_ h\_\_\_ to keep it open.

8. One day we will build homes, and keep the ch\_\_\_ open. It will need us to work hard.
9. Even now **we are digging the well of our life**. We dig in the Scr\_\_\_\_\_ to know the way of salvation and we dig in the well of knowledge to learn how to be useful.

**MOSES & ZIPPORAH AT THE WELL**
